

Clinical Architecture is a leading Healthcare IT solutions provider. Through our comprehensive suite of products and solutions, we help customers across the healthcare vertical utilize disparate information for analytics, clinical decision support, and interoperability. Our mission is to help evolve healthcare with a focus on the quality and usability of clinical information.

QA Automation Engineer

Clinical Architecture is looking for a QA Automation Engineer in Carmel, IN who will be responsible for creating GUI automation for windows and web based applications. The QA Automation Engineer will work closely with the QA Director to define the test automation strategy. This person will also assist with tool review and selection, as well as execute the creation of an automation framework for the team. This position also requires manual planning and manual test execution. Candidates must have experience creating and executing manual and automated test cases to verify all applications meet requirements. The ability to work with a team and effective communication skills are required.

Responsibilities

- Acquire an understanding of Clinical Architecture's products
- Implement and develop automated framework for both web and windows based applications
- Create and execute automated test scripts
- Create and execute manual test cases as needed

Qualifications and Experience

- Bachelor's in Computer Science OR equivalent work experience
- Minimum 2 to 3 years programming experience
- Experience with web-based or minimally windows based automation
- Experience creating automated scripts beyond record & playback using a scripting language

Nice to Have Skills

- Create unit tests using C#
- Create SQL queries for data testing

Culture and Benefits: Clinical Architecture provides team members the opportunity to expand their minds and grow professionally and personally.

- World class innovators
- Industry thought leaders
- Friendly and positive
- Casual attire
- Two weeks of paid time off per year (increase available upon tenure)
- Medical, Dental, and Vision Insurance with 50% contribution from Clinical Architecture
- Relocation assistance to Indianapolis negotiable

Incentives: Clinical Architecture provides a working environment enjoyable for our team and guests.

- Monthly team lunches
- Team social events
- Onsite fitness center (membership paid by Clinical Architecture)

- Tread desk and Lift desks
- Onsite café with snack stand and beverages
